Adrià Guilera Bernabé

Barcelona, Spain adriaguilera7@gmail.com adriaguilera.com adria.guilera AdriaGuilera

Introduction

I'm Adrià, an AI Software Engineer from Barcelona, passionate about making AI take care of the boring stuff, automating it so humans can focus on what really matters. I care about real problems and solutions that hold up, and I'm always learning. When I'm not building, you'll find me at the gym or fishing by the sea.

Experience

Spoki, AI Software Engineer — Apr 2026 – present

Conversational CRM SaaS, mainly focusing on WhatsApp & Voice

- Moved all AI inference to **EU-resident Gemini on Vertex** for GDPR, creating custom domain and platform benchmarks to avoid losing agent quality on updates
- Migrated Milvus vector search and built the document ingestion pipeline
- Built the platform's **AI assistant**, which helps users navigate and control the platform
- Improved and developed the **voice agents** on LiveKit, cutting **latency** from ~1s to 600ms
- Created **MCP servers and a Skills repository** covering the company stack, to accelerate software development and support-ticket management

K·Factor Technologies, Junior FullStack Developer — Feb 2024 – Apr 2026

- Introduced **AI to the company** as its sole owner, with no prior AI product
- Built **multi-tenant AI agents** on Python using LangChain ecosystem
- Developed and maintained **Nest.js** backends, **Flutter** mobile apps
- Implemented RAG systems and SQL agents

Cal Blay Catering, Waiter & Bar Manager in Festivals — June 2022 – Jan 2025

Projects

AI Consulting for SMEs — Feb 2025 – Apr 2026

Consulting for small and medium companies to integrate AI into workflows and optimize processes.

- Built **HR chatbot** on Microsoft Teams with RAG architecture for policy navigation
- Developed **email management platform** with AI-powered sorting and categorization for a coliving company
- Created **document information extraction pipeline** for automated data processing, reducing manual entry by 70%

Education

BS **FIB UPC**, Software Engineering — Barcelona, Spain, Sept 2022 – June 2026

Major in **Software Engineering**, covering development, maintenance, and evaluation of software systems with focus on quality, requirements engineering, and project management.

Batx **Institut Gelida**, Batxillerat Científic-Tecnològic — Barcelona, Spain, Sept 2020 – June 2022

Skills
